- 21) CS Manoj Maheshwari, FCS: 3355, Practicing Company Secretary and failing him, CS Sunita Agarwal, FCS 11024, Practicing Company Secretary have been appointed as the scrutinizer and alternate scrutinizer to scrutinize the remote e-voting and e-voting process to be carried at the AGM in a fair and transparent manner.
- 22) The scrutinizer shall within two working days from the conclusion of the meeting, submit a consolidated Scrutinizer's Report of the total votes cast in favour or against, if any, to the Chairman or person authorized by the Chairman in writing for counter signature.
- 23) Instructions for remote e-voting, e-voting and joining the virtual Meeting are as follows:

THE INTRUCTIONS OF SHAREHOLDERS FOR E-VOTING AND JOINING VIRTUAL MEETINGS ARE AS UNDER:

- (i) Shareholders who have already voted prior to the meeting date would not be entitled to vote during the meeting.
- (ii) Pursuant to SEBI Circular No. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 09, 2020, under Regulation 44 of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, listed entities are required to provide remote e-voting facility to its shareholders, in respect of all shareholders' resolutions. However, it has been observed that the participation by the public non-institutional shareholders/retail shareholders is at a negligible level.

Currently, there are multiple e-voting service providers (ESPs) providing e-voting facility to listed entities in India. This necessitates registration on various ESPs and maintenance of multiple user IDs and passwords by the shareholders.

To increase the efficiency of the voting process, pursuant to a public consultation, it has been decided to enable e-voting to all the demat account holders, by way of a single login credential, through their demat accounts/ websites of Depositories/ Depository Participants. Demat account holders would be able to cast their vote without having to register again with the ESPs, thereby, not only facilitating seamless authentication but also enhancing ease and convenience of participating in e-voting process.

Step 1 : Access through Depositories CDSL/NSDL e-Voting system in case of individual shareholders holding shares in demat mode.

- (i) In terms of **SEBI circular no. SEBI/HO/CFD/CMD/CIR/P/2020/242 dated December 9, 2020** on e-Voting facility provided by Listed Companies, Individual shareholders holding securities in demat mode are allowed to vote through their demat account maintained with Depositories and Depository Participants. Shareholders are advised to update their mobile number and email Id in their demat accounts in order to access e-Voting facility.

The Company believes that internal control is a necessary prerequisite of Governance and that freedom should be exercised within a framework of checks and balances. The Company has a well-established internal control framework, which is designed to continuously assess the adequacy, effectiveness and efficiency of financial and operational controls. The financial control framework includes internal controls, delegation of authority procedures, segregation of duties, system access controls and document filing and storage procedures.

The management is committed to ensure an effective internal control environment, commensurate with the size, scale and complexity of the business, which provides an assurance on compliance with internal policies, applicable laws, regulations and protection of resources and assets. The control system ensures that the Company's assets are safeguarded and protected and also takes care to see that revenue leakages and losses to the Company are prevented and our income streams are protected. The control system enables reliable financial reporting.

The Audit Committee reviews adherence to internal control systems and internal audit reports. The Company has received report on Internal Financial Controls from statutory auditors of the company.

20. RISK MANAGEMENT

Risk Management is an integral part of the Company's business strategy with focus on building risk management culture across the organization. The Company has developed and implemented a risk management policy which encompasses practices relating to identification, assessment monitoring and mitigation of various risks to key business objectives. The Risk management framework of the Company seeks to minimize adverse impact of risks on our key business objectives and enables the Company to leverage market opportunities effectively.

Reviewed the risk management practices with distinct focus on the organizational performance, physical security, trading operations and key measures taken for employee well – being alongwith efforts to keep up overall organizational well-being.

The various key risks to key business objectives are as follows:

Liquidity Risk: It is the risk that the Company will be unable to meet its financial commitment to a Bank/Financial Institution in any location, any currency at any point in time. Liquidity risk can manifest in three different dimensions for the Company.

Funding Risk: To replace net outflows due to unanticipated outflow.

Time Risk: To compensate for non-receipt of expected inflows of funds.

Call Risk: Due to crystallization of contingent liabilities or inability to undertake profitable business opportunities when desirable.

Interest Rate Risk: It is the risk where changes in market interest rates might adversely affect the Company's financial condition. The short term/immediate impact of changes in interest rates are on the Company's Net Interest Income (NII). On a longer term, changes in interest rates impact the cash flows on the assets, liabilities and off-balance sheet items, giving rise to a risk to the net worth of the Company arising out of all reprising mismatches and other interest rate sensitive positions.

Strategic Risk: Strategic or business risk is the risk associated with the formulation and execution of an organisation's strategy.

Risk Treatment: To prioritize risk control actions in terms of their potential to benefit the organization. Risk treatment includes risk control/ mitigation and extends to risk avoidance, risk transfer (insurance), risk financing, risk absorption etc. for

- a) Effective and efficient operations
- b) Effective Internal Controls
- c) Compliance with laws and regulations

Risk Treatment shall be applied at all levels through carefully selected validations at each stage to ensure smooth achievement of the objective.

21. EVALUATION OF PERFORMANCE OF THE BOARD, ITS COMMITTEES AND INDIVIDUAL DIRECTORS

Performance evaluation is becoming increasingly important for Board and Directors, and has benefits for individual Directors, Board and the Companies for which they work. The Securities and Exchange Board of India has issued a Guidance Note on Board Evaluation and pursuant to the provisions of the Act, the Board of Directors has carried out an annual performance evaluation of its own performance, Board Committees and individual Directors.

During the year, Board Evaluation cycle was completed by the Company internally which includes the evaluation of the Board as a whole, committees, independent directors and other individual directors. The evaluation process focused on various aspects of the functioning of the Board and Committees such as composition of the Board and Committees, experience and competencies, performance of specific duties and obligations, governance issues, etc.

The guidance note issue by Securities and Exchange Board of India on Board Evaluation was duly considered while conducting the evaluation exercise. Separate exercise was carried out to evaluate the performance of individual Directors on parameters such as attendance, contribution and independent judgment.

The Chairman of the Company interacted with each Director individually, for evaluation of performance of the individual Directors. The evaluation of the performance of the Board as a whole and individual and of the Committees was conducted by way of questionnaires.

In a separate meeting of Independent Directors, performance of Non-Independent Directors and performance of the Board as a whole was evaluated. Further, they also evaluated the performance of the Chairman of the Company, taking into account the views of the Executive Directors and Non-Executive Directors.

The performance of the Board was evaluated by the Board after seeking inputs from all the Directors on the basis of various criteria such as structure and diversity of the Board, competency of Directors, experience of Director, strategy and performance, secretarial support, evaluation of risk, evaluation of performance of the management and feedback, independence of the management from the Board etc.

The performance of the Committees was evaluated by the Board on the basis of criteria such as mandate and composition, effectiveness of the committee, structure of the committee and meetings, independence of the committee from the Board and contribution to decisions of the Board. The Nomination and Remuneration Committee reviewed the performance of the individual Directors on the basis of the criteria such as qualification, experience, knowledge and competency, fulfillment of functions, availability and attendance, initiative, integrity, contribution and commitment etc., and the Independent Directors were additionally evaluated on the basis of independence, independent views and judgment etc.

The performance of the Individual Directors was evaluated by the Board on the basis of criteria such as ethical standards, governance skills, professional obligations, personal attributes etc.

Further the evaluation of Chairman of the Board, in addition to the above criteria for individual Directors, also included evaluation based on effectiveness of leadership and ability to steer the meetings, impartiality, etc.

The Chairman and other members of the Board discussed upon the performance evaluation of every Director of the Company and concluded that they were satisfied with the overall performance of the Directors individually and that the Directors generally met their expectations of performance.

The summary of the feedback from the members were thereafter discussed in detail by the members. The respective Director, who was being evaluated, did not participate in the discussion on his/her performance evaluation.

The Directors expressed their satisfaction with the evaluation process.

31. MANAGEMENT DISCUSSIONS AND ANALYSIS REPORT

The Management's Discussion and Analysis Report for the year under review, as stipulated under Regulation 34(2) (e) of the Listing Regulations is given below:

• INDUSTRY STRUCTURE AND DEVELOPMENTS

The Non-Banking Financial Companies (NBFCs) in India have been pivotal in bridging the credit gap for various segments of the economy, notably the Micro, Small, and Medium Enterprises (MSMEs) and the under banked populations. These institutions have complemented the traditional banking sector by offering financial services tailored to the unique needs of their clients, leveraging their extensive geographical reach and quick service delivery. The future growth of the NBFC sector in India will be shaped by a confluence of factors, including policy support, regulatory oversight, and the continued digitisation of the financial value chain. These elements will collectively contribute to the sector's ability to support the broader narrative of India's economic expansion, making NBFCs indispensable to the nation's growth story.

NBFCs (Non-Banking Financial Companies) play an important role in promoting inclusive growth in the country, by catering to the diverse financial needs of bank excluded customers. NBFCs do play a critical role in participating in the development of an economy by providing a fillip to transportation, employment generation, and wealth creation, credit in rural segments and to support financially weaker sections of the society. Emergency services like financial assistance and guidance is also provided to the customers in the matters pertaining to insurance. Non-Banking Financial Companies ("NBFCs"), along with banks, have been the main stay for the financial services ecosystem in India. They have served as an alternative channel of credit flow to both retail as well as commercial sectors in a bank-dominated financial system like India, bringing in efficiency and diversity into financial intermediation. NBFCs play an important role in the Indian financial system by complementing and competing with banks, specializing in credit delivery to a wide variety of segments.

• OPPORTUNITIES AND THREATS

The Capital market looks very solid in long term. Reports of various agencies and leading economists reflect that there is an early sign of revival of economic growth with strong positive sentiments. Growth in GDP numbers and other economic parameters being positive overall economic scenario looks favorable for coming years. Rising aspiration of stakeholders enabled by higher income is the largest opportunity for the Company. Your Directors expect that with the strong business model of the Company, innovative fund management techniques, continued confidence of investors, the Company should achieve better performance in the year 2023-24. NBFCs have played an important role by providing

funding to the unbanked sector by catering to the diverse financial needs of the customers. Further, such companies play a critical role in participating in the development of an economy by providing a fillip to transportation, employment generation, wealth creation, bank credit in rural segments and to support financially weaker sections of the society.

We believe the investments we have made, and continue to make, in our strategy will enable us to advise and help our clients as they tackle these market conditions. Especially in the areas of digitization of processes, migration to cloud based technologies, workplace transformation, business model transformation and enhanced cyber security controls. "Over the years, global enterprises have continued to become more digital. The recent crisis has changed the clock-speed of enterprise digitization from months to weeks and days, greatly reducing the gap between velocity of experimentation and implementation at scale. Scaling agile digital will be the new normal.

Being an NBFC, the Company has to face various threats viz High cost of funds, Slow industrial growth, Stiff competition with NBFCs as well as with banking sector, Nonperforming assets, etc.

And expect the government to continue pumping in liquidity as it will boost the sector's employment, and direct disposable income and consumption.

- **RISKS & CONCERNS**

Being a NBFC company, our Company is exposed to specific risks that are particular to its business and the environment within which it operates, including interest rate volatility, economic cycle, credit risk and market risk. The most important among them are credit risk, market risk and operational risk. The measurement, monitoring management of risk remains key focus areas for the company.

Credit Risk: The Company has a strong governance framework and it ensures that the Board of Directors and its committees approve risk strategies and delegate appropriate credit authorities. Its robust underwriting practices and continuous risk monitoring ensure that portfolios stay within acceptable risk levels. Company continues to invest in increasing collections capacity.

Market Risk : To effectively manage market risk on its investment portfolio, Company continues to follow a prudent investment policy.

Operational Risk: Operational risk is the risk of loss resulting from inadequate or failed internal processes, systems or human factors, or from external events. Operational risk is inherent in business activities, as well as related support functions. The goal is to keep operational risk at an appropriate level relative to the characteristics of its businesses, the markets in which it operates and the regulatory environment.

The management does not, at this juncture, believe that the impact on the value of the Company's assets is likely to be material. However, since the revenue of the Company is ultimately dependent on the value of the assets it manages and changes in market conditions. Since the situation is rapidly evolving, its effect on the operations of the Company may be different from that estimated as at the date of approval of these financial results. The Company will continue to closely monitor material changes in markets and future economic conditions.

- **SEGMENT WISE OR PRODUCT WISE PERFORMANCE**

The Company is engaged primarily in the business of financing. During the F.Y. 2023-24, the Company has net profit of Rs. 26.20 lakhs as against profit of Rs. 29.28 lakhs and 98.23% income out of total income was earned through financing activity of the Company.

INDEPENDENT AUDITOR’S REPORT

TO SHRI KALYAN HOLDINGS LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Shri Kalyan Holdings Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2024, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2024, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the *Auditor’s Responsibilities for the Audit of the Standalone Financial Statements* section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide an audit opinion.

Information other than the financial statements and auditors’ report thereon

The Company’s board of directors is responsible for the preparation of the other information. The other information comprises the information included in the Board’s Report including Annexures to the Board’s Report, Business Responsibility Report but does not include the financial statements and our auditor’s report thereon. Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon. In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements, or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant

to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

Paragraph 41(b) of this SA explains that the shaded material below can be located in an Appendix to the auditor's report. Paragraph 41(c) explains that when law, regulation or applicable auditing standards expressly permit, reference can be made to a website of an appropriate authority that contains the description of the auditor's responsibilities, rather than including this material in the auditor's report, provided that the description on the website addresses, and is not inconsistent with, the description of the auditor's responsibilities below.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be

communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matter

We did not audit the financial statements of branches included in the standalone financial statements of the Company as the company has not any branch. Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, based on our audit we report that:

a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.

b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.

c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.

d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.

e) On the basis of the written representations received from the directors as on March 31, 2024 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2024 from being appointed as a director in terms of Section 164 (2) of the Act.

f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B". Our report expresses an unmodified opinion on the adequacy and operating effectiveness of the Company's internal financial controls over financial reporting.

g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration that is not paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.

h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:

- i. The Company has no pending litigations on its financial position in its standalone financial statements.
- ii. The Company has made a provision, as required under the applicable law or accounting standards, for material foreseeable losses, if any, on long-term contracts including derivative contracts.
- iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.
- iv. (a). The Management has represented that, to the best of its knowledge and belief, no funds which are material either individually or in the aggregate have been advanced or loaned or invested either from borrowed funds or share premium or any other sources or kind of funds by the Company to or in any other person or entity, including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
(b). The Management has represented, that, to the best of its knowledge and belief, no funds which are material either individually or in the aggregate have been received by the Company from any person or entity, including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries.
(c) Based on the audit procedures performed that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the

representations under sub-clause (i) and (ii) of Rule 11(e) as mentioned under (a) and (b) above, contain any material misstatement.

- v. The Company has not declared or paid any dividend during the year and has not proposed final dividend for the year.
- vi. Based on our examination which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended 31 March 2024, which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit, we did not come across any instance of audit trail feature being tampered with.

2. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.

ANNEXURES TO THE INDEPENDENT AUDITORS' REPORT
(ANNEXURE "B" TO THE AUDITOR'S REPORT)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Shri Kalyan Holdings Limited** ("the Company") as of 31 March 2024 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as on March 31, 2024, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial

statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

Note 1 : CORPORATE INFORMATION

General Information

Shri Kalyan Holdings Ltd ("SKHL" or the 'the Company') is a public limited company and incorporated under the Companies Act, 1956 on 16th November, 1994. The Company is domiciled in India and the address of its registered office and principal place of business (B-19, Lal Bahadur Nagar, Malviya Nagar, Jaipur-302017)

The Company is registered with Securities and Exchange Board of India ('SEBI') under the Stock brokers and sub-brokers Regulations, 1992 and is a member of Bombay Stock Exchange Limited, National Stock Exchange of India Limited. The Company acts as a stock broker to execute proprietary trades and also trades on behalf of its clients which include retail customers (including high net worth individuals),

Note 2: SIGNIFICANT ACCOUNTING POLICIES

(a) Basis of preparation

(i) Compliance with Ind AS

The Financial Statements of the Company comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 ("the Act") read with Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

The financial statements have been prepared using the significant accounting policies and measurement bases summarized as below. These accounting policies have been applied consistently over all the periods presented in these financial statements, except where the Company has applied certain accounting policies and exemptions under transition to Ind As.

(ii) Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:
- Certain financial assets and liabilities (including derivative instruments) that is measured at fair value.

(iii) Preparation of financial statements

The Company is covered in the definition of Non-Banking Financial Company as defined in Companies (Indian Accounting Standards) (Amendment) Rules, 2016. As per the format prescribed under Division III of Schedule III to the Companies Act, 2013 on 11 October 2013, the Company presents the Balance Sheet, the Statement of Profit and Loss and the Statement of Changes in Equity in the order of liquidity. A maturity analysis of recovery or settlement of assets and liabilities within 12 months after the reporting date and more than 12 months after the reporting date is presented in note 33.

(iv) Use of estimates and judgments

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

The preparation of financial statements in conformity with Ind AS requires management to make estimates, judgments, and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities (including contingent liabilities) and disclosures as of the date of financial statements and the reported amounts of revenue and expenses for the reporting period. Actual results could differ from these estimates. Accounting estimates and underlying assumptions are reviewed on an ongoing basis and could change from period to period. Appropriate changes in estimates are recognized in the period in which the Company becomes aware of the changes in circumstances surrounding the estimates. Any revisions to accounting estimates are recognized prospectively in the period in which the estimate is revised and future periods. The estimates and judgments that have significant impact on carrying amount of assets and liabilities at each balance sheet date are discussed at note 3.

(b) Revenue recognition

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind AS 115, Revenue from Contracts with Customers, to determine when to recognize revenue and at what amount. Revenue is measured based on the consideration specified in the contract with a customer. Revenue from contracts with customers is recognised when services are provided and it is highly probable that a significant reversal of revenue is not expected to occur.

Revenue is measured at fair value of the consideration received or receivable. Revenue is recognized when (or as) the company satisfies a performance obligation by transferring a promised good or service (i.e. an asset) to a customer. An asset is transferred when (or as) the customer obtains control of that asset.

When (or as) a performance obligation is satisfied, the Group recognizes as revenue the amount of the transaction price (excluding estimates of variable consideration) that is allocated to that performance obligation.

The Company applies the five-step approach for recognition of revenue:

- Identification of contract(s) with customers;
- Identification of the separate performance obligations in the contract;
- Determination of transaction price;
- Allocation of transaction price to the separate performance obligations; and
- Recognition of revenue when (or as) each performance obligation is satisfied.

(i) Interest income

Interest income is recognized on accrual basis.

(ii) Dividend income

Dividend income is recognized in the statement of profit or loss on the date that the Company's right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of dividend can be reliably measured. This is generally when the shareholders approve the dividend.

iii) Other income

Revenue in respect of Other Income is recognised when no significant uncertainty as to its determination or realisation exists.

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

(c) Income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses. Current and deferred tax is recognized in profit or loss, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity, respectively.

Current Tax

Current tax is measured at the amount of tax expected to be payable on the taxable income for the year as determined in accordance with the provisions of the Income Tax Act, 1961. Current tax assets and current tax liabilities are off set when there is a legally enforceable right to set off the recognized amounts and there is an intention to settle the asset and the liability on a net basis.

Deferred Tax

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses

Deferred tax liabilities are not recognized for temporary differences between the carrying amount and tax bases of investments in subsidiaries where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority.

(d) Financial instruments

Initial recognition and measurement:

Financial assets and financial liabilities are recognized when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognized on trade-date, the date on which the Company commits to purchase or sell the asset.

At initial recognition, the Company measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at fair value through profit or loss, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions. Transaction costs of financial assets and financial liabilities carried at fair value through profit or loss are expensed in profit or loss. Immediately after initial recognition, an expected credit loss allowance (ECL) is recognized for financial assets measured at amortized cost.

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognizes the difference as follows:

- a) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognized as a gain or loss.
- b) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortized over the life of the instrument, deferred until the instrument's fair value can be determined using market observable inputs, or realized through settlement.

When the Company revises the estimates of future cash flows, the carrying amount of the respective financial assets or financial liability is adjusted to reflect the new estimate discounted using the original effective interest rate. Any changes are recognized in profit or loss.

Fair Value of Financial Instrument:

Some of the Company's assets and liabilities are measured at fair value for financial reporting purpose. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date regardless of whether that price is directly observable or estimated using another valuation technique.

Information about the valuation techniques and inputs used in determining the fair value of various assets and liabilities are disclosed in Note.

A) Financial Assets

(i) Classification and Subsequent Measurement

The Company has applied Ind AS 109 and classifies its financial assets in the following measurement categories:

- Fair Value through Profit & Loss (FVTPL)
- Fair Value through Other Comprehensive Income (FVTOCI)
- Amortised Cost

1. Financial assets carried at amortised cost

A financial asset is measured at the amortised cost if both the following conditions are met:

- The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and
- Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method. Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included in interest income in the Statement of Profit and Loss.

2. Financial Assets carried at Fair Value through Other Comprehensive Income (FVTOCI)

A financial asset shall be classified and measured at fair value through OCI if both of the following conditions are met:

The financial asset is held within a business model whose objective is achieved by both collecting contractual cash flow and selling financial assets and,

The contractual terms of the financial asset give rise on specific dates to cash flows that are solely payments of principal and interest on principal amount outstanding.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

3. Financial Assets carried at Fair Value through Profit & Loss

A financial asset shall be classified and measured at fair value through profit or loss unless it is measured at amortised cost or at fair value through OCI.

4. Equity Instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets.

All investments in equity instruments classified under financial assets are initially measured at fair value, the Company may, on initial recognition, irrevocably elect to measure the same either at FVOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. Fair value changes on an equity instrument is recognised as revenue from operations in the Statement of Profit and Loss unless the Company has elected to measure such instrument at FVOCI. Fair value changes excluding dividends, on an equity instrument measured at FVOCI are recognized in OCI. Amounts recognised in OCI are not subsequently reclassified to the Statement of Profit and Loss. Dividend income on the investments in equity instruments are recognised as 'Revenue from operations' in the Statement of Profit and Loss.

(ii) Derecognition

A financial asset is derecognised only when :

The Company has transferred the rights to receive cash flows from the financial asset or retains the contractual rights to receive the cash flows of the financial asset, but assumes a contractual obligation to pay the cash flows to one or more recipients.

Where the Company has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.

Where the Company has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

B) Financial Instruments

(i) Initial recognition and measurement:

Financial liabilities are classified at amortised cost or FVTPL. A financial liability is classified as at FVTPL if it is classified as held for trading, or it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in Statement of Profit or loss.

(ii) Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss is measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss.

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

(iii) Derecognition

A financial liability is derecognised when the obligation specified in the contract is discharged, cancelled or expires.

(e) Impairment of non financial assets

Intangible assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

(f) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet where there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counter party.

(g) Property, plant and equipment

PPE is recognised when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. PPE is stated at original cost, net of tax/duty credits availed, if any, less accumulated depreciation and cumulative impairment.

Cost comprises the purchase price and any attributable costs of bringing the asset to its working condition for its intended use as estimated by the management. Any trade discounts and rebates are deducted in arriving at the purchase price.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item is depreciated separately. When significant parts of plant and equipment are required to be replaced at intervals, the Company depreciates them separately based on their specific useful lives. Likewise, when a major inspection is performed, its cost is recognised in the carrying amount of the plant and equipment as a replacement, if the recognition criteria are satisfied.

PPE not ready for the intended use, on the date of the Balance Sheet are disclosed as "Capital Work-in-Progress".

Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under other non financial assets.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to profit or loss during the reporting period in which they are incurred. Equipment are stated at historical cost less depreciation. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

An item of property, plant and equipment and any significant part initially recognised is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the income statement when the property, plant and equipment is de-recognised.

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

Depreciation methods, estimated useful lives and residual values

Depreciation is calculated using the straight-line method to allocate their cost, net of their residual values, over their estimated useful lives specified in schedule II to the Companies Act, 2013. The following is the life of asset used for calculation of depreciation

Assets	Useful Life
Building	60 Years
Air Conditioner	10 Years
Computer	03 Years
Generator	10 Years
Motor Car	08 Years
UPS	10 Years
Motor Cycle	10 Years
Office Equipments	05 Years

Repairs & maintenance costs are recognised in the statement of Profit and loss.

(h) Intangible assets

Intangible assets are stated at original cost net of tax/duty credits availed, if any, less accumulated amortisation and cumulative impairment. Intangible assets are recognised when it is probable that the future economic benefits that are attributable to the asset will flow to the enterprise and the cost of the asset can be measured reliably.

The useful lives of intangible assets are assessed as either finite or indefinite.

Intangible assets with finite lives are amortised over the useful life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at the end of each reporting period. Changes in the expected useful life or the expected pattern of consumption of future economic benefits embodied in the asset are considered to modify the amortisation period or method, as appropriate, and are treated as changes in accounting estimates. The amortisation expenses on intangible assets with finite lives is recognised in the Statement of Profit and Loss unless such expenditure forms part of carrying value of another asset.

Intangible assets with indefinite useful lives are not amortised, but are tested for impairment annually, either individually or at the cash generating unit level. The assessment of indefinite life is reviewed annually to determine whether the indefinite life continues to be supportable. If not, the change in useful life from indefinite to finite is made on a prospective basis. Gains or losses arising from derecognition of an intangible asset are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognised in the Statement of Profit and Loss when the asset is derecognised.

Amortization is provided using the Straight Line Method as per the following useful life as per Schedule II of the Companies Act 2013:

Assets	Useful Life
Computer Software	06 Years

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

(i) Leases

The Company as a lessee

The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset.

At the date of commencement of the lease, the Company recognizes a right-of-use asset ("ROU") and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of twelve months or less (short-term leases) and low value leases. For these short-term and low value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Right-of-use assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. Right of use assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related right of use asset if the Company changes its assessment if whether it will exercise an extension or a termination option.

Lease liability and ROU asset have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

(j) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the best estimate of the expenditure required to settle the present obligation at the reporting date.

Provisions are determined by discounting the expected future cash flows (representing the best estimate of the expenditure required to settle the present obligation at the balance sheet date) at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability. The unwinding of the discount is recognized as finance cost. Expected future operating losses are not provided for.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st MARCH, 2024

(k) Employee benefits

(i) Short-term obligations

Short-term employee benefits are expensed as the related service is provided. A liability is recognised for the amount expected to be paid if the Company has a present legal or constructive obligation to pay this amount as a result of past service provided by the employee and the obligation can be estimated reliably.

(l) Interest Expense

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to arrangers and other expenses such as external legal costs, provided these are incremental costs that are directly related to the issue of a financial liability.

(m) Dividends

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

(n) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and short-term deposits, as defined above, net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

(o) Earnings per share

(i) Basic earnings per share

Basic earnings per share is calculated by dividing the net profit for the period (excluding other comprehensive income) attributable to equity share holders of the Company by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus element in equity shares issued during the year.

(ii) Diluted earnings per share

Diluted earnings per share is computed by dividing the net profit for the period attributable to equity shareholders by the weighted average number of shares outstanding during the period as adjusted for the effects of all diluted potential equity shares except where the results are anti-dilutive

(p) Rounding of amounts

All amounts disclosed in the Financial Statements and Notes have been rounded off to the nearest in thousands with two decimals as per the requirement of Schedule III, unless otherwise stated.

Note 34 : Financial Risk Management**(A) Market risk**

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of change in market prices. Market risk comprises three types of risk: foreign currency risk, interest rate risk and other price risk such as equity price risk and commodity/real estate risk.

(i) Foreign currency risk

Foreign currency risk is the risk that the fair value or future cash flows of an exposure will fluctuate because of changes in foreign exchange rates.

Foreign currency Risk Management

In respect of the foreign currency transactions, the company does not hedge the exposures since the management believes that the same is insignificant in nature and will not have a material impact on the Company.

SHRI KALYAN HOLDINGS LIMITED

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st March, 2024

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of change in market interest rates. The management is responsible for the monitoring of the Company' interest rate position. Various variables are considered by the management in structuring the Company's borrowings to achieve a reasonable and competitive cost of funding.

In respect of fluctuating interest rate, the company does not have any borrowings from banks and financial institution and therefore the company is not significantly exposed to interest rate risk

(iii) Market price risk

The Company is exposed to market price risk, which arises from FVTPL and FVOCI investments. The management monitors the proportion of these investments in its investment portfolio based on market indices. Material investments within the portfolio are managed on an individual basis and all buy and sell decisions are approved by the appropriate authority.

(B) Credit risk

Credit risk is the risk that the Company will incur a loss because its customers or counterparties fail to discharge their contractual obligation. The Company manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties, and by monitoring exposures in relations to such limits. The Company's exposure to credit risk arises majorly from loan receivables. Therefore, the company applies Ind AS 109 simplified approach to measuring expected credit losses (ECLs) for loan receivables at an estimated rate decided by the management.

Other financial assets like security deposits, lease rent and banks and hence, there is negligible credit risk with respect to them.

The carrying amount of financial assets represents the maximum credit exposure. The movement in Expected credit loss are as follows:

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st March, 2024

(C) Liquidity risk

Liquidity risk is defined as the risk that the Company will not be able to settle or meet its obligations on time or at reasonable price. Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of credit facilities to meet obligations when due. The Company's finance team is responsible for liquidity, funding as well as settlement management. In addition, processes and policies related to such risks are overseen by senior management. Management monitors the Company's liquidity position through rolling forecasts on the basis of expected cash flows.

The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. In the table below, borrowings include both interest and principal cash flows.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities and investment in private equity funds, real estate funds.

NOTES ON FINANCIAL STATEMENTS FOR THE YEAR ENDED 31st March, 2024

ii.) Valuation technique used to determine fair value

Specific Valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments
- the fair value of unquoted equity instruments has been measured on the basis of their networth and valuation of their shares.
- the fair value of the remaining financial instruments is determined using discounted cash flow analysis

iii.) Valuation processes

The finance department of the company includes a team that performs the valuations of financial assets and liabilities required for financial reporting purposes, including level 3 fair values.

Note 36 : Capital Management

Risk management

The company's objectives when managing capital are to

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The company monitors its capital by using gearing ratio, which is net debt to total equity. Net debt includes non-current borrowings net of cash and bank balances and total equity comprises of Equity share capital, security premium, share options outstanding account and retained earnings. Further, the company also manages its capital and return to shareholders by adequately investing in mutual funds.

The capital composition is as follows:

Particular	March 31, 2024	March 31, 2023
